Re: 10/775,418 filed February 10, 2004 which is a Continuation-In-Part Application of the Co-Pending patent application U.S. Serial Number 10/754,429 filed 9 January 2004 (Now U.S. Patent No. 6,915,641) and claiming priority from Provisional Patent Application Number 60/439,972 which was filed on 14 January 2003.

Dear Mr. Jiang:

Please note that the Response to the First Office Action transmitted to you with this letter was faxed to 571-273-8300, the number to which I faxed the September 27, 2005, Species Election per your instructions. Your first Office Action indicated that the fax number is now 703-872-9306, however, I tried that number several times and it is not a working number, fax or otherwise. Therefore, because of the deadline requirements for this filing I faxed it to the previous number that you had given me. Please advise if this is a problem, and how I may correct it. Otherwise, I look forward to your response and Notice of Allowance. If you have any questions please do not hesitate to call.

Sincerely,

Eric R. Benson
